

Display & Classroom Organisation Policy Thakeham Primary School

Date approved by the Standards, Teaching & Learning Committee: 01.09.17

Review Date: February 2019

Signed

Headteacher: 8. Norton

Chair of Governors:

Display and Classroom Organisation Policy

1. Introduction

At Thakeham Primary School we believe that high standards of classroom organisation and display contribute to children's attitudes and engagement towards their learning. This policy acts as guidance and support for all staff regarding creating stimulating learning environments and displays, both in classrooms and around the school.

he policy reflects our school vision and commitment to the children's spiritual, moral, social and cultural development.

"High quality learning and teaching are at the heart of our school. We nurture and celebrate each child's individual talents and skills to enable them to be happy, confident and resilient individuals with a passion for learning, inspired to achieve their very best. Through encouraging a strong sense of respect and responsibility, both within our local community and the wider world, we support our children to be co-operative, caring citizens for the future."

2. Aims

- To create a visually rich and stimulating learning environment throughout the school, reflecting the vision and aims of the school towards excellence
- To provide clear guidance to all staff to ensure a consistent approach to display
- To value, celebrate and enhance all children's work and achievements
- To increase children's self-esteem, pride in their work and to value the work of others
- To show a progression of learning across the curriculum and key stages
- To motivate children by setting high standards to which they can aspire
- To encourage aesthetic awareness and a positive attitude to our school environment
- To arouse curiosity, pose questions and stimulate enquiry
- To provide information to support, consolidate and extend learning
- To inform and inspire parents, carers, governors, teachers and visitors to the school.

3. Expectations

Staff should ensure that there is a variety and balance of the curriculum on display, reflecting the children's current learning (see Long Term Overviews). Topic display boards must be updated at the start of each new topic with stimulus material to encourage the children's curiosity, excitement and interest. These displays should grow with the children's learning and include their work across the topic. Other classroom displays should change regularly, in-line with the changing topic, theme or focus area of learning.

It is expected that where there are job shares/part time teachers that they both take responsibility for classroom and hall displays. This should be agreed on a termly basis.

4. Guidelines for display (See Appendix 1 for photo examples)

- The backing and border colours of a display should be carefully chosen to complement and enhance the display, these should be refreshed as required to maintain a high standard of display
- Each display must have a clear title, e.g. using cut-out letters of an appropriate size to the board

- All displays should include high quality labels, explanations, key words and questions, written using a variety of styles (e.g. teacher's writing, computer fonts, stencils, children's writing).
- A variety of work should be displayed and include hanging work using strings, photographs, fabrics and artefacts where appropriate.
- Work on display must be mounted, choose mounting material carefully to enhance the children's work. Art work should be double mounted to fully celebrate and appreciate it.
- Only staples or Blu-tac should be used for mounting work on displays.
- Children's work should be clearly and neatly identified, either with a small photo or name label

5. Communal board responsibilities

Board location	Focus for Display	Person Responsible	Date to be completed /Changed
Hall 1	Acorn classwork	AcornClassteacher(s)	Termly
Hall 2	Oak classwork	Oak classteacher	Termly
Hall 3	Maple classwork	Maple classteacher	Termly
Hall 4	Willow classwork	Willow classteacher	Termly
Hall 5	Super Learning Heroes	Headteacher	NA
Hall 6	PE	PE Leader	Following events
Corridor 1	Responsibilities	Geography Leader/Headteacher	Termly
Corridor 2	Global Community	Geography SMSC Leader/teacher leading CCQ assembly	Following meetings/activities
Corridor 3	Curious Questioning Quinn	Each responsibility leader	Fortnightly
Corridor 4	Acorn	Acorn classteachers/TAs	Termly
Corridor 5	Oak	Oak classteacher/TAs	Termly
Corridor 6	Maple	Maple classtecher/TA	Termly
Corridor 7	Elder	Elder classteacher/TA	Termly
Library	Promoting Reading Board	Librarian/English Leader	Monthly

6. Classroom organisation and expectations

To ensure a consistent learning environment that promotes our school ethos each classroom should display:

- Vision Tree
- Values/School Rules
- Super Learning Heroes
- Learning Ladder
- House points
- Learning targets
- 4 B's
- Current Phonics/Spelling
- Current topic display
- Visual timetable
- Handwriting awards

- Age appropriate Maths prompts e.g. 100 square, number line,
- key vocabulary,
- Group names
- Monitors
- Talk Partners
- Fire Drill procedures

Each class should have a Learning Wall for Maths and English. Both should contain vocabulary relating to the current theme being taught, toolkits, examples of children's work and teacher's demonstrations, key objectives, resources and key questions. The English Learning Wall will have also resources to support TfW (or these may be located close by in the classroom). The Maths Learning Wall will also have the Maths Learning Journey on display so children are aware of the 'big picture' within their learning and have access to problem solving and challenge opportunities.

At Thakeham Primary School we also expect all staff to set a positive example by keeping all areas of the school neat, tidy and free from clutter! In the case of job shares/part-time teachers, it is essential that the classroom and any areas linked to the class are left tidy and safe and ready for their colleague to begin teaching.

In the classrooms drawers, boxes and cupboards should be clearly and appropriately labelled and easily accessible to encourage the children's independence when selecting and using resources. A consistent font should be used throughout.

There are different areas of the school that can be used for small group support or for different classes e.g. Food Technology room, Library, SEN room, SEN break out area etc. It is vital that the rooms are left clean and tidy ready for another group/class to use.

7. Pupil Responsibility

In line with our vision of developing pupil's sense of responsibility, there are monitors for each class for a range of different aspects, to involve children in maintaining an orderly learning environment. There are also whole-school monitors who help with specific areas of the school or keep track of particular areas e.g. cloakroom monitors. Success is acknowledged during our Celebration Assemblies. Children's responsibility for their learning environment is fostered by ensuring children can access relevant equipment independently.

8. Monitoring

Regular monitoring of the learning environment will be carried out by the Headteacher and Senior Teacher, forming part of teacher appraisal (see Appendix 1). Teaching observations will often also make reference to the use/impact of the learning environment. Curriculum Leaders in line with the School Strategic Development Plan may also undertake audits and suggest action in relation to displays linked to their respective areas.
