'Small School, Big Opportunities, Great Achievements'

1st December, 2020

Dear Parent / Carers

Re Catch Up Programme

You may be aware from the news, that the government has announced national funding to support children, who have had their education disrupted by the coronavirus (COVID-19) outbreak, 'catch up' with their learning.

Through a settling in period at the start of the autumn term and initial assessments in reading, writing and maths, groups of children from each year group, have been identified by their class teachers.

Your child has been chosen to work with Mrs Eatwell and a programme of work has been planned for your child that aims to close any gaps or misunderstandings that have arisen in their learning.

These sessions will take place during the school day, carefully timetabled around existing PE, maths and English lessons.

Session 1: Thursday 10th December

Session 2: Thursday 17th December

Session 3: Thursday 7th January

Session 4: Thursday 14th January

Session 5: Thursday 21st January

If you have any questions regarding these sessions, please don't hesitate to contact me via the school office office@thakehamps.co.uk

Regards

Emma Hopkins
Assistant Head
